

Pay It Forward Token (PIF)

Empowering Volunteers. Backed by Service, Gold, and Bitcoin.

1. Executive Summary

The Pay It Forward Token (PIF) is a utility token designed to reward volunteerism and social impact. Built to incentivize acts of kindness and service, PIF tokens can be redeemed for food, gas, and basic necessities through a growing network of partners.

2. Mission & Vision

Mission: To recognize and reward acts of kindness, volunteerism, and community support with transparent, spendable digital tokens.

Vision: A world where time given to help others has tangible, redeemable value.

3. Tokenomics Summary

Total Supply: 1,000,000,000 PIF tokens

- 250M locked to VCPF (Volunteer Coin Project Foundation)
- 250M locked to MeshSync Corp for BlueGrid utility
- 300M for public presale (split across 10 tiers from \$0.01 to \$0.25)
- 50M for partnerships and collaborations
- 100M for staking & liquidity
- 50M for donations (tribes, nonprofits, special causes)

Presale funding will go toward gold/BTC backing, partnerships, treasury, and pools.

4. Fair Launch & Rugpull Protection

Pay It Forward Token (PIF)

Empowering Volunteers. Backed by Service, Gold, and Bitcoin.

A 250,000 token cap is enforced for each wallet/entity in the early 5 tiers. Buyers must verify through KYC before purchasing. Multi-wallet accumulation is not allowed. Tokens distributed to team members and collaborators are locked or manually verified.

5. Roadmap

- Token creation: Complete
- Website and GitHub setup: Complete
- Whitepaper and integrity statement: Live
- KYC setup with Blockpass: In Progress
- Public presale launch: Pending (Q2 2025)
- App and partner integration: Q3-Q4 2025
- Full BlueGrid deployment: Future expansion
